

AM 165: Homework # 9 (Due Thursday, Dec 6)

The book we refer to is Wackerly, Mendenhall & Scheaffer, *Mathematical Statistics with Applications* (6th Edition).

- Solve problems 9.51, 9.55, 9.72, 9.74, 9.79 (You only need to compute the MLE for the population proportions. Ignore the rest of the problem), 9.81, 10.2, 10.4.
